Printer Installation Instructions for Canon B/W iR-ADV 6255 - Mac

1. From the Office of Information Technologies homepage (oit.nd.edu), click on Software Downloads on the right.
2. Enter your netID and password if prompted.
3. From the Software Downloads page, click on Printer Drivers.
4. Click on the Start Download button for the appropriate driver based on your current operating system. Enter your credentials if prompted.
5. Double-click on the .dmg file that was downloaded and then double-click on the Installer .pkg file.
6. Click Continue to begin.
7. Click Continue and then Agree to accept the license agreement.
8. Click Install.
9. Enter your COMPUTER credentials, if prompted. Click Install Software.
10. Click Close when installation complete. If prompted, you may Move to Trash or Keep based on your preference.
NOTE: names and order may be slightly different based on your operating system
11. From the Apple in upper left, click on System Preferences and then Printers & Scanners.
12. Click on the +. (You may need to click on the lock in the lower left and enter your COMPUTER credentials to allow you to add the printer.)
13. Click on the IP tab. Enter the following information.
 - a. Address: nieu-225b.campus.nd.edu
 - b. Protocol: Line Printer Daemon – LPD (choose from drop-down menu if not default)
 - c. Queue: [leave blank]
 - d. Name: you may replace nieu-225b.campus.nd.edu with [NIEU 225b Canon B/W 6255](#) or other appropriate name.
 - e. Location: [Nieuwland 225b](#)
 - f. Use: from drop-down menu, choose Select Software...
 - i. In Search box type [6255](#)
 - ii. Click on Canon [iR-ADV 6255/6265](#) and click OK
 - g. Click Add
