

What and when was the

Christmas Star?

An Astrophysics perspective

Grant Mathews, Ph.D.

Friday, December 13 at 7 p.m. and Sunday, December 15 at 3 p.m.
100 Jordan Hall of Science (Digital Visualization Theater)

Join physicist Grant Mathews as he shares the astrophysical details about the well-documented Christmas Star. *Was it a comet, a nova, a supernova, or a planet alignment? And who were the wise men from the East?*

This free, but ticketed, event is open to the public.

For tickets: nd-dvt.eventbrite.com

(Entry without a ticket will be permitted if seats are available.)
