

What and When Was the Christmas Star?

Followed by a special video presentation of
"A Season of Lights"
by Lockness Productions

Was it a comet, a nova, a super-
nova, or a planet alignment?

Who were the "wise men from
the East"?

Professor Grant Mathews will
review the many astronomical
postulates and describe the
newest evidence and possible
answers to the nature and time of
this special event.

An astrophysics
perspective
presented by

Comet 2001-Q4 (NEAT)/Kitt Peak

Professor
Grant
Mathews

**Saturday, December 10 at 7:00 p.m.
and Sunday, December 11 at 3:00 p.m.**

Jordan Hall of Science - Digital Visualization Theater

Sponsored by the Notre Dame Department of Physics & the Center for Astrophysics
