Professional Leadership, Negotiation & Communication Skills for Women in Physics: Recap of APS Workshops

When: April 18th from 1–3 p.m.

Where: 202 Nieuwland Science Hall

Who: Women faculty, visiting scientists,
postdocs & graduate students

Professor Nancy Marinelli and Dr. Kat Barger will share and discuss ways to enhance communication, leadership, and negotiation skills. Professor Marinelli and Dr. Barger recently attended American Physical Society workshops that promoted the professional development of women in physics—events also supported by the National Science Foundation. Please join us to discover ways to boost your professional career.

☞ Light snacks, coffee, and tea will be provided ☞
